PREFACE

This volume is fourth in our *Subject Bibliography Series*, the earlier volumes being on *Budhism*, *Gandhiana* and *Agriculture*.

This compilation lists over 11,000 research and general interest articles, research papers, notes, news and book reviews, from 231 journals and the daily newspapers *The Times of India* and *The Economic Times* relating to Hinduism. Broadly the aspects covered are, Philosophical aspects, like *Advaita*, *Mysticism*, *Karma*, *Vedanta*, *Bhakti*, *Hindu Gods;* Hindus as ethnic groups, like *Caste System*, *Sociology*, *Language and Literature (Vedic Language etc.)*, *Relation with the other religious faiths*, *Religious life and customs*, *like rites and ceremonies;* Schools of thought, like *Sivaism*, *Vaisnavism*, *Rama*, *Krishna*, *Arya Samaj*, *Sanatana Dharma* and others; Contribution to Art and Architecture, like *Art*, *Temple Architecture and Shrines;* Hindu Philosophers, like *Kautilya*, *Patanjali*, *Aurobindo* and others.

Relevant material from the sunday editions of several significant dailies have also been indexed. The volume covers about twentytwo years' period (1962—1983).

The articles have been classified with the help of the *United States Library of Congress Subject Headings* with additional headings adapted by us according to the special nature of the bibliography, and arranged alphabetically on the dictionary pattern by *Subjects* and *Authors*.

A list of the journals indexed in the volume and a list of publishers whose books have been reviewed in these journals have been given for facility of location and research.

Hinduism is a vast ocean of philosophy and religion and it will be presumptuous to call this humble attempt as anything comprehensive. It is only a fraction and I will be grateful for suggestions for all-round improvements in future editions of the work.
